"We are dedicated to helping dogs find their forever homes."

*Hello! Please see the correction below on the number of animals saved in our Happy 11 Year Anniversary article. A thorough analysis of our records shows the number is actually much higher - 2,956! We couldn't have done this without our wonderful adopters, volunteers, and supporters. We'd like to give all a big THANK YOU from **PUP**!*

2016 So Far...

PUP has already helped a total of 64 dogs and cats find forever homes in 2016.

Happy 11 Year Anniversary **PUP**!

Back in 2005, **PUP** rescued our first dogs out of an Oklahoma puppy mill with the help of Small Paws Rescue out of Oklahoma. We saved 9 dogs that day. Who would have thought, 11 years later, we would still be saving lives?

I remember thinking, "I'll start this and in three years people will be spaying and neutering, all of the dogs will have homes, and I'll start something else." Unfortunately, we aren't to the point where we can close our doors, but in that time some things have changed for the better. I pray they will continue to.

Fortunately, I have the pleasure of working with some amazing volunteers, vets, vendors, and great supporters. Together, we have built a rescue we can be proud to call our own. Thank you!!

To top all of this off, we have saved, as of May 1, 2016, over **2,956** dogs, a few kitties and of course a couple of birds!

Thanks to everyone for their support, hard work, passion, and dedication to a rescue that was started with few hands, a very arduous mission, and a big heart!

in need of medical attention back in June of 2015. After one look at his shelter photo, we knew this was going to be a very, very long journey for him.

Thankfully, our vets and staff at Chehalis-Centralia Veterinary Hospital were up to the task. With many, many, many trips to the clinic for laser surgeries on his ears, multiple medications for his skin, ears, and eyes, some good food, and a lot of love from his foster family, he came through it beautifully, or should I say handsomely.

Stanley will always require medication for his skin, he'll always need someone to make sure his ears stay clean, he'll always need medication for his eyes, and he'll always require special food, but he is finally home almost a year later.

Thank you to **PUP** Volunteers Becky and Bernadette for the many, many, many trips to the vet, the hundreds of pills and eye drops you've administered, the many, many baths you've given him, the thousands of hours you've loved and taken care of him.

Looking at your sweet face Stanley, tears coming to my eyes, I wish you a lot of love and the best life this world and your new family have to offer... and more! Wow, what a year this boy has had!

Shasta's Happy Tail

Matt and I would love to tell you how much we love our little Shasta! She has brought us so much joy, laughter and fun times.

We call her our "circus dog" because she always entertains us. She flies around the house, bouncing off the furniture chasing the balls that we have thrown and happily brings them back for another turn until she lays exhausted on the floor.

Right now she is quietly sitting on my lap while I am working. She loves to be near us as much as possible but is okay on her own too. When we go for walks here in Bend, Oregon, people can't help but smile at her because she is so beautiful and always a happy girl. Her tail is always wagging as she runs to greet everyone and every dog!

What else can I say about our Shasta? She is

Merced Transport

We recently pulled in some great dogs from Merced, CA. They were hand selected for **PUP** by our good friend Kristen. She knows **PUP** does a wonderful job matching dogs with adopters. If you are thinking about adding a dog to your family, we hope you will consider one of these sweet dogs.
